Preface	4
1. Key socio- demographic indicators of CIS countries	
Key socio- demographic indicators of CIS countries in 2016	20
Consolidated budget expenditures on social sphere.....	22
Brief geographical characteristics of the Commonwealth	24
CIS in the world in 2016.....	28
2. Population	
2.1. Population	
Number of resident population	36
Population of the countries of the Commonwealth in total population of the CIS (graph)	36
Number of population by sex and age group	37
Population by age group (graph).....	47
Distribution of population by nationality	48
Median age of population (graph).....	50
2.2. Natural movement of population	
Total fertility rate (graph)	51
Crude birth rate	52
Reproduction rates and mean age of mother at birth of a child	52
Crude death rate	53
Death rate of males and females aged 20-49	54
Infant mortality rate	55
Natural increase rate	55
Natural movement of the population (graph).....	56
Life expectancy at birth	57
Life expectancy at birth (graph).....	59
2.3. Marriages and divorces	
Marriages and divorces	60
2.4. Migration of population	
Migration of population	61
Intensity of internal migration	62
Interstate migration balance.....	62
Migrants by age and sex	64
Interstate migration flows	66
International migrants aged 16 years and older by education level (graph)	68

3. Health

3.1. Health care

Health care facilities	73
Public expenditure on health care as % of GDP (graph).....	75
Commissioning of health facilities	76
Number of medical personnel.....	77
Number of medical doctors and hospital beds (graph)	79
Average duration of hospital stay (graph).....	80
Emergency in 2016	81
Treatment and prevention in women	81
The number of births and abortions	83
The use of contraceptives	83
Number of infant homes	84

3.2. Morbidity of population

Morbidity of population by main groups of diseases	85
Morbidity by tuberculosis	87
Morbidity by diabetes	88
Morbidity of the population with drug addiction and addiction	89
Number HIV infected	90
Morbidity by viral hepatitis	90

3.3. Disability

Children under 18 years of age newly registered as children with disabilities	91
Newly registered children with disabilities under 18 years of age by causes of disability in 2016	92
Number of newly registered persons with disability by groups of disability	93
Number of newly registered persons with disability at age 18 years and older by causes of disability	94
Number of newly registered persons with disability at age 18 years and older by cause of general diseases in 2016	96
Number of institutions for children with disabilities	97
Number of boarding homes for elderly persons and persons with disabilities.....	98

3.4. Mortality of population

Deaths by main groups of causes of death	99
Mortality of males and females by main groups of causes of death	101
Death of the population from some external causes of mortality.....	103
Infant mortality by main groups of causes of death	104
Mortality of women from complications of pregnancy, childbirth and the post-natal period.....	106
Abortion.....	106

4. Education and culture

4.1. Education

Level of education of the population aged 15 years and older (graph)	112
Public expenditure on education as % of GDP (graph)	113

4.2. Pre-school education

Pre-school institutions.....	114
Number of children in pre-school institutions	115
Provision of children with pre-school institutions	115

4.3. Secondary general education

Day-time general education institutions	116
Number of non-state (private) day-time general education institutions and pupils enrolment	117
Number of pupils at the first grades at day-time general education institutions	119
Graduates from day-time general education institutions.....	119
Number of shifts in day-time general education institutions	120
Number of pupils of day-time general education institutions by languages of teaching.....	122
Number of institutions for children with disabilities and pupils enrolment	124
Personal computers(PCs) used for educational purposes in day- time general education institutions	125
Number of teachers in day-time general education institutions	126
Number of pupils of day-time general education institutions per one teacher (graph)	128

4.4. Primary and secondary professional education

Primary professional educational institutions	129
Entrants to primary professional educational institutions	130
Graduates from primary professional educational institutions.....	130
Secondary professional educational institutions	131
Entrants to secondary professional educational institutions	132
Graduates from secondary professional educational institutions	132
State secondary professional educational institutions	133
Number of students of secondary professional educational institutions in state institutions on a payment basis (graph)	135

Non-state secondary professional educational institutions	136
Number of students of secondary professional education institutions on a payment basis	138
4.5. Higher professional education	
Higher educational institutions	140
Entrants to higher educational institutions	141
Graduates from higher educational institutions	141
State higher educational institutions	142
Number of students higher professional educational institutions in state institu- tions on a payment basis (graph)	144
Non-state higher educational institutions	145
Number of students of higher educational institutions on a payment basis	147
Personal computers(PCs) used for educational purposes in secondary and higher professional education institutions.....	149
Number of students in higher and secondary professional educational institutions	150
Number of students (graph)	151
Number of women in the total number of students in higher and secondary professional educational institutions	152
Gender parity index in education 2016	153
4.6. Culture	
Share of consolidated budgets expenditures on rest, culture and religion (graph).....	154
Number of museums and their attendances	155
Number of professional theatres and their attendances.....	155
Attendance of culture and art institutions	156
Number of public libraries and their attendances	157
Library stock.....	157
Printed edition.....	159
5. Labour	
5.1. Labour force	
Number of economically active population/ labour force	168
5.2. Employment	
Number of employed population	170
Employment rate.....	171

Employment rate (graph)	172
Employed by age	173
Employed by level of education	174
Distribution of employed population by status in employment	175
Distribution of employed population by kinds of economic activity (NACE, Rev.1.1)	176
Foreign labour force.....	178
5.3. Unemployment	
Number of unemployed	180
Unemployment rate (graph).....	181
Unemployed by sex	182
Unemployed by sex (graph).....	183
Number of unemployed among young people aged 15-24 years	184
Unemployment rate among young people (graph).....	185
Unemployed by level of education	186
Unemployed by duration of unemployment	187
Unemployed by job search methods	188
Number of unemployed registered at state employment offices	189
Unemployed receiving unemployment benefits.....	190
Average duration of unemployment (graph).....	190
Number of vacant working places claimed by enterprises to employment offices.....	191
Job placement of unemployed persons by employment offices.....	191
5.4. Working conditions	
Number of actual duration of working hours at large-scale and medium enterprises	192
Number of persons injured at job place	193
Temporary disablement of employees by cause of occupational injuries	194
 6. Standards of living	
6.1. Income of population	
Main sources of money income of households	202
Money income per capita.....	204
Indices of real disposable money income of population	205

6.2. Wages	
Average monthly nominal wage in economy	206
Indices of average monthly nominal and real wages	207
Average monthly wages by kinds of economic activities	208
Average monthly nominal wages of men and women (graph)	210
Officially approved minimum of labour remuneration	211
6.3. Pensions	
Number of pensioners	212
Age of retirement (graph)	213
Number of pensioners by main types of labour pensions	214
Pensioners per 1000 employed in economy	215
Average pension	216
Minimum old-age pension	217
6.4. Socio-economic differentiation of the population	
Distribution of common fund of income of households by 20% groups of population ...	218
Income ratio between 20% groups of population with the highest income and the lowest income (graph)	220
Selected indicators of incomes (expenditures) inequality of population	221
Gini coefficient (graph)	223
Subsistence minimum	224
Subsistence minimum by social and demographic groups of population	225
6.5. Consumer market	
Retail trade turnover per capita	226
Volume index of retail trade turnover per capita	227
Structure of retail trade turnover	228
Services per capita	229
Purchasing power of disposable money income of households	230
Structure of household expenditure by main groups of consumption expenditure	232
Structure of consumer expenditure of households in the groups for the purposes of consumption	234
Consumption of key food products per capita	238
Composition of food substances and caloricity of consumed foodstuffs	238
Provision of population with consumer durables	240
Consumer price index for goods and services	242
Consumer price index for goods and services (graph)	244

7. Housing conditions

Dwelling stock	248
Dwelling stock by types of ownership	249
Distribution of apartments by number of rooms	250
Commissioning of total area of dwelling houses	251
Number and average size of constructed apartments (houses)	252
Average provision of population with total dwelling space.....	253
Facilities of urban dwelling stock	254
Number of urban families improved their housing conditions	256

8. Transport and communication

Number of passenger trips by mode of transport	260
Provision of population by cars	262
Number of Internet users	262
Number of subscribers to mobile network.....	263
Provision of population by computers	263
Provision of population by mobile line phones	264
Provision of population by fixed line phones	264

9. Environment

Water abstraction from natural sources for use.....	269
Use of water for household and drinking purposes.....	270
Emissions of pollutants into atmospheric air from stationary sources	271
Emissions of sulphure dioxide (SO ₂) (graph)	272
Emissions of nitrogen oxides (NO _x) (graph).....	273
Emissions of carbon dioxide (CO ₂) (graph).....	274
Emissions of pollutants into atmospheric air from motor vehicles	275
Investment in fixed capital for environment protection and rational use of natural resources	275
Specially protected areas	276

10. Criminality

Number of registered crimes.....	280
Number of registered crimes per 100 000 population.....	282
Offenders by selected characteristics	283
