INTERSTATE STATISTICAL COMMITTEE  
OF THE COMMONWEALTH  
OF INDEPENDENT STATES

AGRICULTURE IN THE CIS  
AND OTHER COUNTRIES  
OF THE WORLD

Agriculture in the CIS and other countries of the world 2020-2023: Concise statistical abstract / Interstate Statistical Committee of the Commonwealth of Independent States/. - M.: 2025.

Interstate Statistical Committee of the CIS was formed in 1992 pursuant to the decision of the Heads of Governments of the CIS member states of December 30, 1991.

Based on the UN General Assembly Resolution A/RES/48/237 of 30.03.1994, which granted the Commonwealth of Independent States an observer status under it, the CIS-Stat participates in the work of the UN Statistical Commission, UNECE Conference of European Statisticians and its Bureau, ESCAP Committee on Statistics, is a member of the Committee for Coordination of Statistical Activities, which consists of more than forty international statistical organizations.

Having the status of international statistical organization and relevant authorization from the Council of Heads of Statistical Services of the CIS Countries, the CIS-Stat has ample opportunities to support the interests of the national statistical services of the region in various international projects.

The publication includes data for 2020-2023 on the status and development of agriculture, production, price indices for foodstuffs, balance of the most important kinds of food products, consumption of food products in the CIS countries and the countries of the world.

The publication includes data for 2020-2023 on the status and development of agriculture, production, balances of the most important kinds of food products, consumption of food products in the CIS countries and the countries of the world.

Data for Moldova exclude the information on the territory of the left bank of Dniester river and Bender city.

Data for Turkmenistan are given from the official web-site of the Food and Agriculture Organization of the United Nations (FAO).

Since 2022 the CIS-Stat has no official data for Ukraine.

BRICS data is on composition of organization on December 31, 2023.

Some data for 2023 are preliminary and may be updated in the future.

In some cases, minor discrepancies between the total and the sum of values are explained by rounding of data.

Source of data:

For CIS countries – official information provided by the CIS national statistical offices

For other countries of the world – official web sites:

- Food and Agriculture Organization of the United Nations (FAO) <http://faostat.fao.org>

- World bank <https://www.worldbank.org>

- International Labour Office (ILO) Department of statistics <http://ilostat.ilo.org>

More detailed information on the CIS countries is available in the database of the CIS-Stat: <https://new.cisstat.org/web/guest/cis-stat-home>.

## **Key indicators of agriculture**

## Number of rural population

(as of the end of 2023)

	Resident rural population	Resident rural population, as % of total resident population	Reference: resident population – total, mln. persons
 Azerbaijan	4.6	45.5	10.2
 Armenia	1.1	36.0	3.0
 Belarus	2.0	21.4	9.2
 Kazakhstan	7.5	37.6	20.0
 Kyrgyzstan	4.7	65.1	7.2
 Moldova	1.4	56.5	2.4
 Russia	36.6	25.1	146.2
 Tajikistan	7.3	71.1	10.3
 Uzbekistan	18.0	49.0	36.8
 EU-27	109.1	24.3	448.8
 Brazil	25.8	12.2	211.1
 India	915.1	63.6	1,438.1
 Canada	7.3	18.1	40.1
 China	499.8	35.4	1,410.7
 USA	55.9	16.7	334.9

## Share of rural population in total resident population

(as of the end of 2023, in %)

[Share of rural population in total resident population](#)

## Key economic indicators characterizing agriculture in 2023

	Share of utilized agricultural area (as of the end of the year) in total territory, in %	Share of employed in agriculture, forestry and fishing in total number of employed, in %	Share of agriculture, forestry and fishing in total gross value added, in %
 Azerbaijan	54.9	35.8	6.1
 Armenia	68.0	19.2	9.3
 Belarus	38.6	8.4	8.3
 Kazakhstan	41.7	11.9	4.1
 Kyrgyzstan	53.0	17.1	11.6
 Moldova	72.6	20.9	8.8
 Russia	11.5	5.5	3.7
 Tajikistan	27.8	61.7	27.0
 Uzbekistan	57.3	23.9	21.6
<b>CIS</b>	<b>17.5</b>	<b>11.5</b>	<b>4.9</b>

Share, in employed in agriculture, forestry and fishing in total number of employed for Belarus, Tajikistan and Uzbekistan – according to the balance of labour resources; for the rest countries - according to the data of labour force survey.

[Key economic indicators characterizing agriculture](#)

## Structure of utilized agricultural area by kinds (as of the end of the year; as % of total)

2020

2023

arable land
  meadows and pasture grounds
  perennial plantations
  fallow land
