LIST OF INDICATORS FOR THE INTERSTATE EXCHANGE OF STATISTICAL INFORMATION

Item Nos.	Description of indicators and their contents	Periodicity	
	1. MACROECONOMIC INDICATORS AND ECONOMIC BALANCES		
	1.1. System of National Accounts		
1.	Gross domestic product (in current prices) in national currency		
	- as a whole	annual	
		quarterly: - by progressive total	
		- for separate quarter	
		- monthly (by progressive total)	
	- by industries (kinds of economic activities)	annual	
	- by institutional sectors	annual	
	- by final use components	annual	
	- by income components	annual	

Item Nos.	Description of indicators and their contents	Periodicity
2.	Volume indices (growth rates) of gross domestic product	
	- as a whole	annual quarterly: - by progressive total to the corresponding period of the previous year
		- to the corresponding quarter of the previous year
		- to the previous quarter of the current year
		monthly: - by progressive total to the corresponding period of the previous year
		- to the previous month of the current year
		- to the corresponding month of the previous year
	- by industries (kinds of economic activities)	annual
	- by final use components	annual
3.	Gross domestics product per capita: - in current prices; in national currency	annual
	- growth rates	

Item Nos.	Description of indicators and their contents	Periodicity
4.	Growth rates of labour productivity (of gross domestic product per one employed person (unit of aggregate labour expenditures for all kinds of works	annual
5.	Implicit deflator for gross domestic product	annual
6.	Output in basic prices:	annual
	- as a whole (in current prices and growth rates)	
	- by industries (kinds of economic activities) (in current prices and growth rates)	
	- by institutional sectors (in current prices)	
7.	Intermediate consumption:	annual
	- as a whole (in current prices and growth rates)	
	- by industries (kinds of economic activities) (in current prices and growth rates)	
	- by institutional sectors (in current prices)	
8.	Gross value added:	annual
	- as a whole (in current prices and growth rates)	
	- by industries (kinds of economic activities) (in current prices and growth rates)	
	- by institutional sectors (in current prices)	
9.	Labour remuneration of employees (in current prices)	annual
	- as a whole	
	- by industries (kinds of economic activities)	
	- by institutional sectors	
10.	Taxes on production and imports (in current prices):	annual
	- as a whole	
	- by kinds:	
	- taxes on products	
	-other taxes on production [as a whole, by industries (kinds of economic activities), by institutional sectors]	

Item Nos.	Description of indicators and their contents	Periodicity
11.	Subsidies on production and imports (in current prices) - as a whole - by kinds: - subsidies on products - other subsidies on production [as a whole, by industries (kinds of economic activities), by institutional sectors]	annual
12.	Gross operating surplus and gross mixed income (in current prices): - as a whole - by industries (kinds of economic activities) - by institutional sectors	annual
13.	Consumption of fixed capital (in current prices): - as a whole - by industries (kinds of economic activities) - by institutional sectors	annual
14.	Final consumption expenditure (in current prices and growth rates): - as a whole - by institutional sectors (emphasizing individual and collective consumption of general government)	annual
15.	Actual final consumption (in current prices): - as a whole - by institutional sectors	annual
16.	Gross capital formation (in current prices and growth rates): - as a whole - by institutional sectors - by main elements (gross fixed capital formation, change in inventories, net acquisition of valuables)	annual
17.	Imports of goods and services (in current prices and growth rates)	annual
18.	Exports of goods and services (in current prices and growth rates)	annual

Item Nos.	Description of indicators and their contents	Periodicity
19.	Primary income receivable (in current prices): - as a whole - by institutional sectors - by kinds	annual
20.	Primary income payable (in current prices): -as a whole - by institutional sectors - by kinds	annual
21.	Property income receivable (in current prices): - as a whole - by institutional sectors - by kinds	annual
22.	Property income payable (in current prices): - as a whole - by institutional sectors - by kinds	annual
23.	Current transfers payable (in current prices): - as a whole - by institutional sectors - by kinds	annual
24.	Current transfers payable (in current prices): -as a whole - by institutional sectors - by kids	annual
25.	Capital transfers receivable (in current prices): - as a whole - by institutional sectors - by kinds	annual
26.	Capital transfers payable (in current prices): - as a whole - by institutional sectors - by kinds	annual

Item Nos.	Description of indicators and their contents	Periodicity
27.	Gross national income (in current prices): - as a whole - by institutional sectors (balance of primary income)	annual
28.	Gross national disposable income (in current prices) - as a whole - by institutional sectors	annual
29.	Social transfers in kind (in current prices): - as a whole - by institutional sectors	annual
30.	Adjusted disposable income (in current prices): - as a whole - by institutional sectors	annual
31.	Gross national saving (in current prices): - as a whole - by institutional sectors	annual
32.	Acquisition less disposals of non-produced non-financial assets (in current prices): - as a whole - by institutional sectors	annual
33.	Balance on current transactions with the rest of the world (in current prices)	annual
34.	Net lending (+), net borrowing (-) (in current prices): - as a whole - by institutional sectors	annual
	1.2. Economic balances	
35.	Elements of national wealth (as of the beginning and the end of the year): - fixed assets: - at book value - at residual value - inventories - consumer durables in households - at historic cost - at residual value	annual

Item Nos.	Description of indicators and their contents	Periodicity
36.	Indicators of fixed assets balance at book value (acquisition and disposals of fixed assets): - as a whole -by industries (kinds of economic activities)	annual
37.	Indicators of fixed assets balance at residual value (acquisition and disposals of fixed assets): - as a whole -by industries (kinds of economic activities)	annual
38.	Intersectoral balances of production and use of goods and services (in basic prices or final consumption prices): - symmetric tables "Input-Output": - by brief scheme - by broadened scheme - tables "Resources and use of goods and services": - by brief scheme - by broadened scheme	one-time
39.	Electricity balance - produced - received from outside the limits of a country - consumed, of which by main industries (kinds of economic activities) and losses in electricity networks - supplied outside the country	annual
40.	Balance of resources and use of products (11 items) Resources: - stocks as of the beginning of the year - production - imports - resources, total Use: - industrial consumption and other use - transfered into processing - losses - exports - stock as of the end of the year - personal consumption	annual

Item Nos.	Description of indicators and their contents	Periodicity
	2. MAIN INDICATORS OF ACTIVITIES OF AGENTS OF REAL SECTOR OF ECONOM	
	2.1 Agriculture, hunting and forestry	
1.	Output of agricultural products in value terms (in current prices) - by agriculture as a whole - by branches (kinds of economic activities) of agriculture	quarterly, annual annual
	- by categories of farms	quarterly, annual
2.	Volume indices of agricultural production (in constant prices) - by agriculture as a whole	quarterly, annual
	- by branches (kinds of economic activities) of agriculture	annual
3.	- by categories of farms Distribution of lands used by land users engaged in agricultural production	quarterly, annual
	by kinds of agricultural landby categories of farms	annual annual
4.	Sowing area under agricultural crops (according to the results of spring sowing)	3 times a year
5.	Crop production:	
	- in agricultural enterprises (5 items)	5 times a year
	- in farms of all categories (provisional data; 6 items)	annual
	- by categories of farms (20 items)	annual
6.	Actually harvested areas of agricultural crops	
	- in agricultural enterprises (5 items)	5 times a year
	- in farms of all categories (provisional data, 6 items)	annual
	- by categories of farms (20 items)	annual

Item Nos.	Description of indicators and their contents	Periodicity
7.	Yield capacity of agricultural crops - in agricultural enterprises (5 items) - in farms of all categories (provisional data, 6 items) - by categories of farms (20 items)	5 times a year annual
8.	Livestock and poultry population - by kinds of livestock and poultry - by categories of farms	quarterly, annual
9.	Output of animal products - by kinds of livestock and poultry - by categories of farms	monthly, annual
10.	Output of main kinds of agricultural products per capita	annual
11.	Sale of agricultural products by agricultural enterprises - by kinds of products - by channels of sale 2.2. Industry	annual
	2.2. mustry	
1.	Industrial output in value terms (in current prices) - by industry as a whole - by branches of industry (kinds of economic activities)	monthly, annual quarterly, annual
2.	Volume indices of industrial production (in constant prices) - by industry as a whole - by branches of industry (kinds of economic activities)	monthly, annual quarterly,annual
3.	Industrial output in kind - by the most important kinds of products (51 items) -by assortment of selected kinds of articles (141 items)	monthly
4.	Output of consumer goods	monthly, annual
5.	Number of industrial enterprises - by industry as a whole - by branches of industry (kinds of economic activities)	annual

Item Nos.	Description of indicators and their contents	Periodicity
	2.3. Construction	
1.	Commissioning of fixed assets (in current prices) - through all economic agents - by industries (kinds of economic activities)	annual
2.	Construction in progress (in current prices) - through all economic agents - by industries (kinds of economic activities)	annual
3.	Commissioning of dwellings and hostels - square metres of total space (through all sources of finance) - square metres of total space (by sources of finance)	monthly, quarterly, annual
	- number of built apartments	annual
4.	Commissioning of education and health care units	quarterly, annual
5.	Commissioning of production capacities (22 items)	annual
	2.4. Retail trade, repair of motor vehicles, household and personal goods	
1.	Total volume of retail trade turnover - by country (all channels of sales, trading organizations) - by types of ownership	monthly, annual quarterly, annual
2.	Volume indices of retail trade turnover - in current prices - in constant prices	monthly, annual monthly, annual

Item Nos.	Description of indicators and their contents	Periodicity
3.	Commodity stocks in retail trade (absolute figures and in turnover days)	monthly
4.	Structure of food and non-food goods sales (absolute figures in value terms and in kind, volume indices	annual
5.	Retail trade enterprises (number, capacity) - by country - by types of ownership	in accordance with accounting conducted by countries
6.	Technical service and repair of motor vehicles, motorcycles, bicycles, household and personal goods and individual services (everyday services rendered to population)	
	- by country (all channels of sales, by enterprises)	monthly, annual
	- by types of ownership	annual
	- by small enterprises (absolute data, share in total volume of services)	quarterly, annual
7.	Volume indices on technical services, technical service and repair of motor vehicles, motorcycles, bicycles, household and personal goods and individual services (everyday services rendered to population)	
	- in current prices	monthly
	- in constant prices	annual
8.	Sales of main kinds of services, technical services and repair of motor vehicles, motorcycles, bicycles, household and personal goods and individual services (everyday services rendered to population)	annual

Item Nos.	Description of indicators and their contents	Periodicity
9.	Number of enterprises rendering services on technical service and repair of motor vehicles, motorcycles, bicycles, household and personal goods and individual services(number of enterprises rendering everyday services) - by country - by types of ownership	annual
10.	Provision of population with consumer durables	annual
11.	Sale of alcoholic beverages per capita	annual
	2.5. Hotels and restaurants	
1.	Turnover of restaurants, bars, canteens, delivery of prepared food (turnover of catering enterprises) - by country - by types of ownership	monthly, annual annual
2.	Volume indices of turnover of restaurants, bars, canteens, delivery of prepared food (turnover of catering enterprises) - in current prices - in constant prices	monthly, annual
3.	Catering enterprises (number, capatity) - by country - by types of ownership	in accordance with accounting conducted by countries

Item Nos.	Description of indicators and their contents	Periodicity	
	2.6. Transport and communications		
	2.6.1. Transport		
1.	Shipment of cargo on railway transport of general use - total - by kinds of cargo (13 items)	monthly, annual	
2.	Cargo transportation - total - by kind of transport	monthly, quarterly, annual,	
3.	Cargo turnover - total - by kind of transport	monthly, quarterly, annual	
4.	Passenger transportation - total - by kind of transport	monthly, quarterly, annual	
5.	Passenger turnover - total - by kind of transport	monthly, quarterly, annual	
6.	Rolling stock (on average per 24 hours) - cargo - passenger	annual	
7.	Lorries (including pikups and passenger vans-total of which - on balance sheet of enterprises - in ownership of citizens	annual	
8.	Buses – total of which - on balance sheet of enterprises - in ownership of citizens	annual	
9.	Passenger cars – total of which - business - taxi - in ownership[of citizens	annual	
10.	Number of passenger cars in ownership of citizens - per 1000 persons - per 100 families	annual	
11.	Sea cargo ships of trade fleet (excluding cargo – passenger ships) - total - of which transport ships of general use	annual	
12.	Sea passenger ships of trade fleet (including cargo- passenger ships) - total - of which transport ships of general use	annual	

Item Nos.	Description of indicators and their contents	Periodicity
13.	River and lake cargo boats (excluding cargo-passenger boats) – total, of which: - transport boats of general use (including tugboats and pushers) - auxiliary boats	annual
14.	River and lake cargo boats (including cargo-passenger boats) - total, of which transport boats of general use	annual
15.	Rolling-stock of urban electric transport: - trolleybuses - tram carriages - metro carriages	annual
16.	Operation length of rail ways - total - of general use by kinds of traction - of non-general use	annual
17.	Length of motor roads – total, of which: - of general use - of non-general use	annual
18.	Length of motor roads with hard surface – total, of which: - of general use - of non-general use	annual
19.	Operation length of ways of urban electric transport: - metro ways - tram ways - trolleybus lines	annual
20.	Length of internal water ways - total - which with mark of navigableness	annual
21.	Length of artificial internal water ways	annual
22.	Length of mine pipelines - total - petroleum pipelines - petroleum product pipelines - gas – mains	annual

Item Nos.	Description of indicators and their contents	Periodicity
	2.6.2.Communications	
1.	Mailed by selected kinds of sendings	annual
2.	Number of provided trunk line calls of which international	annual
3.	Number of telephone sets (including public telephones of telephone network of general use or having connection to it - total (as of the end of the year) of which at home	annual
4.	Number of unsatisfied applications for home telephone installation (as of the end of the year)	annual
5.	Number of public (international) trunk lines	annual
6.	Number of connected subscribers terminals (as of the end of the year) - pagers - mobile	annual
7.	Number of users installations - Internet - E-mail	annual
8.	Income from communications services (in current prices) – total of which from services rendered to population	annual
9.	Of total income from communications services – income from electric communications	annual

Item Nos.	Description of indicators and their contents	Periodicity	
	2.7.Financial activities 2.7.1. Financial intermediation 2.7.1.1. Monetary intermediation		
1.	Money supply (money aggregates) (4 items)	quarterly	
2.	Emission and withdrawal of money by national banks	quarterly	
3.	Authorized capital of banks	quarterly	
4.	Number of banks emitting plastic cards (by all kinds of payment system)	quarterly	
5.	Number of emitting plastic cards (by all kinds of payment systems)	quarterly	
6.	Plastic cards turnover (by all kinds of payment systems)	quarterly	
7.	Trade transactions turnover	quarterly	
8.	Turnovers on withdrawal of money in cash	quarterly	
9.	Monetary gold reserves (as of the end of accounting period). bln.US dollars	quarterly annual	
	2.7.1.2. Other financial intermediation 2.7.1.2.1. Provision of loan		
10.	Loans provided to enterprises, organizations, banks and industrials by credit institutions short-term long-term	monthly	
11.	Arrears on loans	monthly	
12.	Loans provided to enterprises organizations, banks and individuals by commercial banks		
13.	Loans provided to enterprises organizations, banks by National (Central) Bank	monthly	
14.	Official rate of refinancing of National (Central) Bank for provided loans	monthly	
15.	Rate on instruments of refinancing: - accounting rate - lombard - REPO	monthly	
16.	Number of credit institutions registered on the territory of a country	monthly	
17.	Number of affiliates in other countries	monthly	

Item Nos.	Description of indicators and their contents	Periodicity
	2.7.1.2.2. Other financial intermediation, not included in other groupings	
18.	State securities - long-term - short-term	annual quarterly
19.	Non-state securities (by 6 kinds of securities)	annual, quarterly
20.	Volume of state securities in circulation of which with breakdown by terms: - under 6 month - under 1 year - over 1 year	annual
	2.7.2. Insurance and pension schemes, exclu compulsory social insurance	ding
21.	Receipts of insurance premiums of voluntary insurance (by 11 kinds of insurance)	annual
22.	Insurance payments of voluntary insurance (by 11 kinds of insurance)	annual
23.	Income of insurance organizations (by 4 kinds of insurance)	annual
24.	Expenditure of insurance organizations (by 6 kinds of insurance)	annual
25.	Net financial result	annual
26.	Payments to budget	annual
27.	Number of insurance organizations executing direct insurance and reinsurance of which: national with foreign capital participation foreign	annual
28.	Total volume of own funds of insurance companies	annual
29.	Minimum amount of age pensions	monthly
30.	Average amounts of designated monthly pensions	annual
31.	Age qualification required for receiving age pension - males - females	annual
32.	Age qualification required for receiving social pension - males - females	annual

Item Nos.	Description of indicators and their contents	Periodicity
33.	Number of pensioners by kinds of pensions	annual
34.	Earnings to pension fund	annual
35.	Payment from pension fund	annual
	2.7.3.Auxiliary activities in the sphere of fina intermediation	ancial
	2.7.3.1.Financial management	
36.	Average annual turnover of currency market - total - exchange segment - extra exchange segment	quarterly annual
37.	Share of main currencies in turnover of currency market - US dollar - national currency - euro - Russian rouble - other	quarterly annual
38.	Average monthly exchange rate and exchange rate as of the last date of a month national currency against US dollar national currency against Russian rouble national currency against euro	monthly
	2.8.Real estate, leasing and rendering services to customers	
	2.8.1.Real estate operations, leasing (operation leasing)	
1.	Number of leasing companies: - registered - acting of which cooperatingh with CIS countries	annual
2.	Number of leasing transactions: - by industries (kinds of economic activities) - by kinds of machines and equipment (by 8 items)	annual
	2.8.2.Research and developments	
1.	Implementation of researches and developments	annual
2.	Number of specialists-researchers	annual
3.	Distribution of the number of specialists-researchers by age	annual
4.	Training of scientific staff of high qualification	annual

Item Nos.	Description of indicators and their contents	Periodicity
	2.9. General government	
	2.9.1. Provision of services by the state 2.9.1.1. Public order and security (deli	
1.	Number of recorded crimes as a whole and by kinds of crimes	quarterly
2.	Number of offenders as a whole and by kinds of crimes, of which: - families - juveniles - not having permanent source of income - with previous crime records - in criminal group - under the influence of alcohol	annual
3.	Number of convicted persons as a whole and by kinds of crimes, of which: - families - juveniles - with previous crime records	annual
4.	Distribution of convicted persons by main kinds of punishments	annual
5.	Number of prisoners	annual
6.	Number of establishments for prisoners	annual
7.	Confiscation of narcotic drugs	annual
	2.9.2. Activities in the field of compulsory social insurance	
1.	Insurance premiums of compulsory insurance received (by 4 kinds of insurance)	annual
2.	Insurance claims of compulsory insurance paid out (by 4 kinds of insurance)	annual

Item Nos.	Description of indicators and their contents	Periodicity	
	2.10. Education		
1.	Number of education establishments: - by kinds - by types of ownership	annual	
2.	Number of pupils (students): - by kinds of education establishments -by forms of training -by types of ownership	annual	
3.	Number of entrants and graduates - by kinds of education establishments - by forms of training - by types of ownership	annual	
4.	Number of teachers and instructors	annual	
5.	Preschool establishments - number of establishments - number of places - number of children in preschool establishments - by types of ownership	annual	
6.	Minimum amount of scholarship	quarterly	
	2.11. Health care		
1.	Number of cases newly registered by kinds of diseases	annual	
2.	Number of patients registered at medical- prophylactic institutions, by kinds of diseases	annual	
3.	Medical staff - by categories - by specialties	annual	
4.	Medical institutions network - by kinds and specialization - by capacity	annual	
5.	Number of persons newly registered as invalids, by kinds of diseases	annual	
6.	Number of persons suffered from accidents in industry: - with disability - fatal cases	annual	
7.	Number of days of temporary disability connected with occupational accidents	annual	

Item Nos.	Description of indicators and their contents	Periodicity	
	2.12. Other communal, social and personal services 2.12.1. Activities in the field of organization of recreation, entertainment, culture and arts, sports		
1.	Main indicators of activities of institutions of culture and arts	annual	
	2.13. Institutional changes in economy, smal	entrepreneurship	
1.	Numbers of privatized apartments (living quarters; by countries receiving the given indicator) - by cost - by size - by form of transmission to population	annual	
2.	Number of living quarters sold to population	annual	
3.	Turnover of burses on sale (in national currency), number of transactions Total of witch by kinds of economic activities: - consumer goods - industrial and household products - securities - real estate - currency operations - monetary operations - other	annual	
4.	Number of acting burses as of the end of account- ting period, units	annual	
5.	Number of small enterprises: - registered- total - acting - total - by industries (kinds of economic activities)	annual	

Item Nos.	Description of indicators and their contents	Periodicity
6.	Share of acting small enterprises in total number of small enterprises: - total - by industries (kinds of economic activities)	annual
7.	Number of working places, including external part-time workers and persons working under civil contracts (excluding vacancies) at small enterprises [with breakdown by industries (kinds of economic activities)]: -average number of workers on the payroll -average number of persons working under civil contracts	annual
8.	Turnover of small enterprises: - total - by industries (kinds of economic activities)	annual
9.	Receipts of small enterprises from sales of goods and services - by industries (kinds of economic activities) - by market services rendered to population	annual quarterly, annual
10.	Investments in fixed capital of small enterprises [with a breakdown by industries (kinds of economic activities)]	annual
11.	Share of small enterprises: - in gross value added - in industrial output - in volume of investment in fixed capital - in retail turnover - in volume of market services rendered to population	annual annual annual quarterly, annual quarterly, annual

Item Nos.	Description of indicators and their contents	Periodicity	
12.	Share of short-term and long-term credits provided to small enterprises by banks in total volume of short-term and long-term credits	annual	
13.	Number of peasant (private) farms	annual	
14.	Area of agricultural land allotted to peasant (private) farms	annual	
15.	Production of selected kinds of agricultural products by peasant (private) farms (9 items)	annual	
16.	Number of persons engaged in entrepreneurial activities not registered as legal entities	annual	
	2.14. Market services rendered to population (collective grouping from 2.6., 2.7., 2.10., 2.11., 2.12.)		
1.	Total volume of market services:	monthly, quarterly, annual	
	- by country		
	- by types of ownership		
2.	Volume indices of sales of market services	monthly, quarterly,	
	- in current prices	annual	
	- in constant prices		
3.	Sales volume of market services by kinds (by 30 items)	monthly, quarterly, annual	

Item Nos.	Description of indicators and their contents	Periodicity
	3. INVESTMENTS	
1.	Investments in domestic economy (in current prices): - residents: - by kinds of assets - by purposes - non-residents: - by kinds of assets - by purposes - by CIS and other countries of the world	annual
2.	Investments of residents in economy of the rest of the world (in current prices): - by kinds of assets - by purposes - by CIS and other countries of the world	annual
3.	Investment of CIS country directed abroad: - by kinds of investments - by other countries of the world - by CIS countries	annual
4.	Foreign investments received into economy of CIS country: - by kinds of investments - by other countries of the world - by CIS countries - growth rate of investment received into economy of a country	annual
5.	Investments in fixed capital (in current prices) - for the account of all sources of finance as a whole - by sources of finance - by technological structure - by industries (kinds of economic activities)	monthly, quarterly, annual quarterly, annual annual annual
6.	Volume indices of investments in fixed capital (for the account of all sources of finance; in constant prices)	monthly, annual
7.	Investments in fixed capital directed for environment protection	annual
8.	Finance investments of enterprises of which: long-term finance investments short-term finance investments	annual
9.	Finance investments of enterprises of which: long-term finance investments short-term finance investments	annual
10.	Revenue from foreign investments - revenue from investments of residents in economy of the rest of the world (into CIS and other countries) - revenue from investments in domestic economy received by non- residents from CIS and other countries	annual

Item Nos.	Description of indicators and their contents	Periodicity
	4. PRICES	
	4.1. Prices	
1.	Industrial producer price indices - by industry as a whole - by industries (kinds of economic activities)	monthly
2.	Average price of electricity producers	quarterly
3.	Price indices for agricultural production sold by agricultural enterprises (through all channels of sales) - 14 items	annual
4.	Average prices of sales of agricultural production by agricultural enterprises - by kinds of products (14 items) - by channels of sales	annual
5.	Price indices in construction-total, of which for building and mounting works	annual
6.	Indices of tariffs for freight transportation - by transport as a whole - by kinds of transport	annual
7.	Retail trade prices for selected consumer goods in trade enterprises of the capitals of the Commonwealth states	monthly
8.	Prices for goods at urban agricultural markets of the capitals of the Commonwealth states	monthly
9.	Consumer price index - aggregate index - food products-total, of which by 20 kinds - non- food goods- total, of which by 14 kinds - goods as a whole - market services- total, of which by 24 kinds	monthly

Item Nos.	Description of indicators and their contents	Periodicity
10.	Average prices and tariffs for selected kinds of market services rendered to population (in national currency units): - expenditures for dwellings maintenance, for 1 sq. m of total floorspace - payment for cold water supply - for 1 person per month - for 1 cu. m per person - payment for heating -for 1 sq. m of total floorspace - for 1 Gcal per sq. m - payment for electricity, for 100 kWh - payment for piped gas, for month per person - monthly fee for main telephone communication - cost of one travel by bus of intraurban roads - payment for keeping children in preschool establishments, for one child-day	for March, June, September, December
	4.2. International value compart	isons
11.	Purchasing power parity of national currencies	annual
12.	Gross domestic product in comparable currency	annual

Item Nos.	Description of indicators and their contents	Periodicity	
	5. ECONOMIC ACTIVITIES OF POPULATION LABOUR REMUNERATION OF EMPLOYEES		
1.	Balance of labour resources	annual	
	- by sources of manning		
	- by kinds of employment		
	 by sectors and branches of economy (kinds of economic activities) 		
2.	Cost and composition of expenditures for labour force maintenance	annual	
	- payment for hours worked		
	- payment for hours not worked		
	- bonuses and incentives		
	- wages and salaries in kind		
	- expenditures on providing employees with dwellings		
	- expenditures on social insurance of employees		
	- of which compulsory deductions		
	- expenditures on professional training		
	- expenditures on cultural and household services		
	- other expenditures		
	- taxes included in expenditures on labour force		
3.	Movement of labour force and working places by industries (kinds of economic activities)	quarterly	
	- number persons recruited for work (total),		
	of which on newly open working places		
	- number of persons who quit the work (total),		
	of which:		
	- due to the reduction of staff		
	- at own will		
	- number of vacancies as of the end of accounting period		

Item Nos.	Description of indicators and their contents	Periodicity
4.	Number of man-hours worked by branches of economy (kinds of economic activities)	monthly
5.	Not full employment - number of persons working not full day and not full week by initiative of administration - number of persons being on leave by initiative of administration without or with partial pay	annual
6.	Number of paid employers - by branches of economy (kinds of economic activities) - by industries (kinds of economic activities) - by sectors of economy	monthly annual
7.	Minimum amount of labour remuneration	monthly
8.	Average monthly nominal wages and salaries - by branches of economy (kinds of economic activities)	monthly
	 by industries (kinds of economic activities) by sectors of economy by sex by capitals of CIS countries 	monthly annual annual monthly
9.	Distribution of employed persons by amount of wages	annual
10.	Arrears of wages	monthly
11.	Number of employees occupying governmental and municipal posts	annual
12.	Number of unemployed persons applying to employment services in seach of work	monthly
13.	Number of vacant working places	monthly

Item Nos.	Description of indicators and their contents	Periodicity
14.	Providing of jobs for unemployed population	monthly
15.	Vocational training of unemployed population	monthly
16.	Number of unemployed persons	monthly, quarterly
	- number of unemployed persons determined by methodology of International Labour Organization (ILO)	quarterly
	- registered at the employment services	monthly
17.	Rate of unemployment	monthly, quarterly
	- rate of unemployment (by ILO methodology)	quarterly
	- rate of registered unemployment	monthly
18.	Number of unemployed receiving unemployment benefit	monthly
19.	Average amount of benefit	monthly
20.	Number of persons without work taking part in social works	monthly
21.	Distribution of the number of unemployed: - by duration of unemployment	semiannual
	- by age	semiannual
	- by education	semiannual
	- by sex	monthly
22.	External labour migration - number of persons going to work abroad by country - number of working foreigners by country of	semiannual
	origin	
23.	Number of refugees and compelled migrants: - having got the status in the current year - registered, total	semiannual
	- distributed by regions of departure	

Item Nos.	Description of indicators and their contents	Periodicity
	6. FINANCES	
	6.1. State finances	
	6.1.1. Consolidated budget	
1.	Revenue of budget system and official transfers receivable of which: revenue of general republican (federal) budget - adopted (or accepted) - actually	quarterly, annual
2.	Tax receipts (15 kinds of receipts)	quarterly, annual
3.	Non-tax receipts (6 kinds of receipts)	quarterly, annual
4.	Revenue from transactions with capital - sale of fixed capital - sale of state commodity stock - sale of land and non-tangible assets - capital transfers from state sources	quarterly, annual
5.	Official transfers receivable - current - capital	quarterly, annual
6.	Total expenditure of which: expenditure of general republican (federal) budget - adopted (or accepted) - actually	quarterly, annual
7.	Expenditure by directions of use (by 22 directions of use)	quarterly, annual
8.	Excess of revenue (expenditure) over expenditure (revenue) and crediting less repayment	quarterly, annual
9.	Ratio of deficit (proficit) of consolidated budget to GDP (%)	quarterly, annual

Item Nos.	Description of indicators and their contents	Periodicity
10.	Tax load (tax receipts) of consolidated budget as % of GDP	quarterly, annual
11.	Current expenditure of consolidated budget - total	quarterly, annual
12.	Ratio of current expenditure of consolidated budget to GDP (%)	quarterly, annual
13.	Investment expenditure of consolidated budget - total	quarterly, annual
14.	Financing of deficit of general republican (federal) budget – total - domestic - external	quarterly, annual
15.	State debt- total, bln. US dollars of which: - domestic - external	quarterly, annual
16.	Ratio of state debt to GDP %	quarterly, annual
17.	Indebtedness on tax payments into consolidated budget	quarterly, annual
18.	External debt of the country	annual
	6.2. Finance of enterprises	
19.	Balance profit (losses) - as a whole for the country - by industries (kinds of economic activities) - 16 items	quarterly, annual
20.	Losses of unprofitable enterprises - as a whole for the country - by industries (kinds of economic activities)- 16 items	quarterly, annual
21.	Number of unprofitable enterprises - as a whole for the country - by industries (kinds of economic activities) - 16 items	quarterly
22.	Share of unprofitable enterprises and organizations in total number of enterprises and organizations - as a whole for the country - by industries (kinds of economic activities) - 16 items	quarterly

Item Nos.	Description of indicators and their contents	Periodicity
23.	Financial investments of enterprises of the country	quarterly
24.	Receivable accounts of economic entities of the country of which outstanding debt	quarterly
25.	Of total debt of economic entities indebtedness of: - CIS countries (by each country) - Baltic countries - the rest of the world	quarterly
26.	Payable accounts of economic entities of the country of which outstanding debt	quarterly
27.	Of total debt of economic entities indebtedness of: - CIS countries (by each country) - Baltic countries - the rest of the world	quarterly
28.	Total debt under received loans of which outstanding debt	quarterly
29.	Of total debt of economic entities indebtedness under loans of: - CIS countries (by each country) - Baltic countries - the rest of the world	quarterly
30.	Indebtedness of enterprises under bank credits of which outstanding debt	quarterly
31.	Of total debt under bank credits indebtedness of: - CIS countries (by each country) - Baltic countries - the rest of the world	annual

Item Nos.	Description of indicators and their contents	Periodicity	
	7. EXTERNAL ECONOMIC ACTIVITIES		
1.	Values of exports - total - to CIS countries - of which to EAEC countries - to other countries of the world	monthly	
2.	Exports of individual commodities - total - to CIS countries - of which to EAEC countries - to other countries of the world	monthly	
3.	Values of exports - total - by main trade partners - by regions and main trade partners - of which to EU countries	quarterly	
4.	Exports of individual commodities - total - by regions - for hard currency - by main trade partners	quarterly	
5.	Commodity structure of exports by divisions and main trade partners of TNEEA of CIS - total - for hard currency - against barter - to CIS countries - of which to EAEC countries - to other countries of the world	quarterly	
6.	Exports of commodities on cooperation - total - to selected CIS countries - by individual commodities	annual	
7.	Values of imports - total - from CIS countries - of which from EAEC countries - from other countries of the world	monthly	
8.	Imports of individual commodities - total - by main trade partners - by regions and main trade partners - of which from CIS countries	annual	
9.	Values of imports - total - by main trade partners - by regions and main trade partners - of which from CIS countries	quarterly	

Item Nos.	Description of indicators and their contents	Periodicity
10.	Imports of individual commodities - total - by regions - for hard currency - by main trade partners	quarterly
11.	Commodity structure of imports by divisions and most important groups of commodities of TNEEA of CIS - total - for hard currency - against barter - from CIS countries - of which from EAEC countries - from other countries of the world	quarterly
12.	Imports of commodities on cooperation - total - from selected CIS countries - by individual commodities	annual
13.	Volume index of exports - total - to CIS countries - to other countries of the world - by commodity divisions of TNEEA of CIS - by individual commodities	quarterly
14.	Average export price index - total - to CIS countries - to other countries of the world - by commodity divisions of TNEEA of CIS - by individual commodities	quarterly
15.	Volume index of exports - total - from CIS countries - from other countries of the world - by commodity divisions of TNEEA of CIS - by individual commodities	quarterly
16.	Average export price index - total - from CIS countries - from other countries of the world - by commodity divisions of TNEEA of CIS - by individual commodities	quarterly
17.	Exports of services - total - by regions - by main partner-countries	annual

Item Nos.	Description of indicators and their contents	Periodicity
18.	Exports of services by main kinds	annual
19.	Imports of services - total - by regions - by main partner-countries	annual
20.	Imports of services by main kinds	annual
21.	Growth rates of exports of commodities - by regions - by main partner-countries	annual
22.	Growth rates of imports of commodities - by regions - by main partner-countries	annual
23.	Growth rates of exports of services - by regions - by main partner-countries	annual
24.	Growth rates of imports of services - by regions - by main partner-countries	annual
25.	Number of residents going abroad - total - by purposes - by countries	annual
26.	Number of foreigners visiting a country - total - by purposes - by countries	annual
27.	Revenue from foreign tourism - total - for hard currency - by countries	annual
28.	Expenditure on foreign tourism - total - for hard currency - by countries	annual
29.	Number of registered enterprises with foreign investments - total - acting - with companies of CIS countries - with companies of other countries of the world output of acting enterprises	semiannual

Item Nos.	Description of indicators and their contents	Periodicity
30.	Number of registered enterprises with foreign investments - total - by kinds of activities - with companies of CIS countries - with companies of other countries of the world	semiannual
31.	Authorized fund of enterprises with foreign investments - as of the moment of registration - actually transfered - by partner-countries	semiannual
32.	Exports of acting enterprises with foreign investments - total - with companies of CIS countries - with companies of other countries of the world - by selected partner-countries	semiannual
33.	Exports of acting enterprises with foreign investments by commodity divisions of TNEEA of CIS - total - with companies of CIS countries - with companies of other countries of the world	semiannual
34.	Imports of acting enterprises with foreign investments - total - with companies of CIS countries - with companies of other countries of the world - by selected partner-countries	semiannual
35.	Imports of acting enterprises with foreign investments by commodity divisions of TNEEA of CIS - total - with companies of CIS countries - with companies of other countries of the world	semiannual
36.	Volume of sales of goods and services by acting enterprises with foreign investments on domestic market of the countries - goods - services	annual
37.	Number of transnational corporations - total - with companies of CIS countries - with companies of other countries of the world - by kinds of activities - authorized fund - share of foreign partner in authorized fund - volume of production - volume of exports - volume of imports - volume of sales of products at the domestic market	annual

Item Nos.	Description of indicators and their contents	Periodicity		
	8. LIVING STANDARD OF POPULATION			
	8.1. Money Income and Expenditure of Population			
1.	Money income of population	quarterly		
2.	Money expenditure of population	quarterly		
3.	Savings of population (increase in deposits, securities, currency)	quarterly		
4.	Money income per capita	quarterly		
5.	Balances on deposits of population in banks	monthly		
	8.2. Income, Expenditure and Consumption	n of Households		
6.	Money income (money resources) of households-level and structure of income by selected groups of population (all population, urban and rural households, households having children aged under 16 years) - labour income (of which labour remuneration of employed persons) - pensions - scholarships - benefits (of which unemployment benefits) - compensation payments (for nutrition of pupils, for treatment of invalids and participants of military operations, citizens suffered from influence of radiation etc.) - property income - receipts from lease of property - receipts from sale of real estate - receipts frome sale of agricultural products, livestock, fodder etc other receipts	quarterly		
7.	Amount of aggregate income (resources) by selected groups of population (see item 6)	annual		
8.	Purchasing power parity of money income (aggregate income, disposal money resources) of population as regards purchasing of foodstuffs: - white bread - potatoes - beef - whole milk - butter - eggs	annual		

Item Nos.	Description of indicators and their contents	Periodicity
9.	Money and consumer expenditure of households by selected groups of population (see item 6): - expenditure for purchase of foodstuffs - alcoholic beverages - non-food products (clothes, footwear and fabrics, furniture and general merchandise and household appliances, drugs and medicaments, building materials, fuel, tobacco products) - payment of services (housing and communal services, household, cultural and education services, payment for education and medical services transport services, communication servies, etc.) Money expenditure for payment of taxes, dues and payments Other expenditure	quarterly
10.	Consumption of main foodstuffs (by 10 groups) in households by selected groups of population (see item 6); chemical composition and caloricity of consumed foodstuffs	quarterly
11.	Consumption of foodstuffs per capita (according to the data of the item personal consumption of the balance of resources and use of products – 10 items)	annual
12.	Selected indicators of households budgets by 10% groups of population with the lowest and the highest level of income (all population, of which in urban and rural households; in households having children aged under 16 years); - level and structure of money income (labour income, social payments receipts from sales of products from personal plots of households) - level and structure of money, including consumer expenditure (purchase of foodstuffs, non-foods goods for personal consumption, of which clothes, footwear, fabrics; payments of services; purchase of alcoholic beverages, tobacco products) - consumption of main foodstuffs (by 10 groups)	quarterly (all population), annual (with breakdown by all indicators)
13.	Selected indicators of differentiation of population by level of material well-being: - share of total money incomes (money, aggregate expenditures), falling on each from 20% groups of population - coefficient of differentiation of incomes and expenditures - Gini coefficient	quarterly

Item Nos.	Description of indicators and their contents	Periodicity
14.	Average prices of main food products purchase (by 30 items) in households by selected groups of population (all population, in urban and rural localities)	quarterly
15.	Distribution of households and their inhabitants by amount of average per capita money income (money resources, money and aggregate expenditures)	quarterly
16.	Distribution of households and their inhabitants by amount of average per capita consumer expenditure	annual
17.	Amount of subsistence minimum; cost of minimum food basket and its caloricity	quarterly
18.	Share of population with income lower that subsistence minimum	quarterly
19.	General data on surveyed households by selected groups of population (see item 6) - number of surveyed households - number of members of households (of which present members) - number of working members of households (of which pensioners) - number of not working pensioners - number of students receiving scholarship - number of children aged under 16 years - number of other members of households	annual
	8.3. Housing conditions of popul	lation
20.	Structure of dwelling stock	annual
21.	Provision of population with total (dwelling) space	annual
22.	Number of apartments (houses) - by number of rooms in apartments	annual
23.	Movement of dwelling stock	annual
24.	Number of occupied dwelling space in accounting period	annual
25.	Number of families registered to impove their housing conditions	annual
26.	Number of families improved their housing conditions (by selected categories)	annual

Item Nos.	Description of indicators and their contents	Periodicity		
	9. DEMOGRAPHIC INDICATORS			
1.	Number of present population (by countries computing the given category) - by urban locality - by rural locality	annual		
2.	Number of resident population - by urban locality - by rural locality - by sex - by age	annual		
3.	Increase in the number of population - by urban locality - by rural locality	annual		
4.	Number of population of the capitals and cities with population above 1 mln. persons	annual		
5.	Size of the territory of the state	annual		
6.	Number of the live births - by urban locality - by rural locality - by sex - by mother's age	annual		
7.	Number of stillbirths - by urban locality - by rural locality - by sex	annual		
8.	Number of deaths - by urban locality - by rural locality - by sex - by age	annual		
9.	Number of infant deaths aged urder 1 year - by urban locality - by rural locality - by sex	annual		
10.	Number of infant deaths aged of 0-4 years - by urban locality - by rural locality - by sex	annual		
11.	Number of infant deaths aged of 0-6 days - by sex	annual		
12.	Number of deaths by causes of death	annual		
13.	Maternal deaths	annual		

Item Nos.	Description of indicators and their contents	Periodicity
14.	Infant mortality	annual
15.	Natural increase of population - by sex	annual
16.	Number of marriages	annual
17.	Number of registered divorces	annual
18	Expectation of life at birth - by sex - by age - by urban locality - by rural locality	annual
19.	Indicators of reproduction of population: - age indicators of birth rate (by five – year age groups: 15-19; 20-2450-54; 15-49) - by urban locality - by rural locality - indicators of bith tables (total birth rate, gross reproduction rate for 54 years age, net reproduction rate, average mother's age) - by urban locality - by rural locality	annual
20.	Number of inmigrants for residence - by urban locality - by rural locality - by sex - by age (by five-year age groups) - by direction of migration flows - by territory of departure (by CIS countries, Latvia, Lithuania, Estonia, from other countries)	annual
21.	Number of outmigrants for residence: - from urban locality - from rural locality - by sex - by age (by five-year age groups) - by direction of migration flows - by territory of arrival (by CIS countries, Latvia, Lithuania, Estonia, to other countries)	annual
22.	Number of emigrants departured for residence - by states of arrival (indicating not less than five receiving foreign countries)	annual

Item Nos.	Description of indicators and their contents	Periodicity	
	10. ENVIRONMENT PROTECTION		
1.	Emission of harmful pollutants into the air from stationary sources (total and by main ingredients)	annual	
2.	Emission of harmful pollutants into the air from motor transport	annual	
3.	Water intake, use and protection of water resources	annual	
4.	Indicators characterizing formation and movement of toxic waste	annual	
5.	Results of nature protection control (as a whole and by kind of natural resources) ¹⁾	annual	
6.	Number and area of ecologically especially protected territories (nature reserves, special hunting reserves and national parks)	annual	
7.	Forest fires and their damage	annual	
8.	Reforestation in state forests	annual	
9.	Commissioning of nature protection units	annual	

¹⁾ By states executing collection of these data.
