# NATIONAL REPORTING PLATFORM

## National Reporting Platform

(<http://sdg.armstat.am/>) – a tool for:

- dissemination of national statistics
- reporting on global SDG indicators
- framework for monitoring progress in achieving the SDGs
- contains official statistics and metadata including national metadata
- managed by Armstat

# NATIONAL REPORTING PLATFORM

- Since September 17, 2019, Armenia has been among the countries using the Open Source Data Platforms for SDGs
- In 2022, Armstat launched an updated version of the platform (<http://sdg.armstat.am/>)
- The functionality of the site, visualization, data structure, security and data flow have been improved
- The platform is comparable, timely, transparent, publicly accessible and user-friendly
- The availability of data is constantly increasing, data disaggregation and the methodology for calculating indicators are being improved

# COLLABORATION WITH STAKEHOLDERS

## May 13, 2024 - High-level Delegation Visit of the Federal Democratic Republic of Nepal to Armstat

### Purpose of the Visit:

- Strengthening Cooperation

# COLLABORATION WITH STAKEHOLDERS

**In order to implement the 2030 Agenda, Armstat:**

Jointly with ESCAP - National Workshop on SDG Data Dissemination in Armenia (22-24 October 2024, Yerevan, Armenia)

## Goal:

- raising awareness of SDG indicators
- collaborating with stakeholders to coordinate the exchange of SDG data and metadata
- expanding the capacity to apply appropriate statistical producing SDG data
- introducing modern dissemination and visualization tools
- developing a statistical publication on progress in achieving the SDGs in Armenia

## COLLABORATION WITH STAKEHOLDERS

By order of the Deputy Prime Minister of Armenia, persons responsible for the SDGs were appointed from ministries and departments

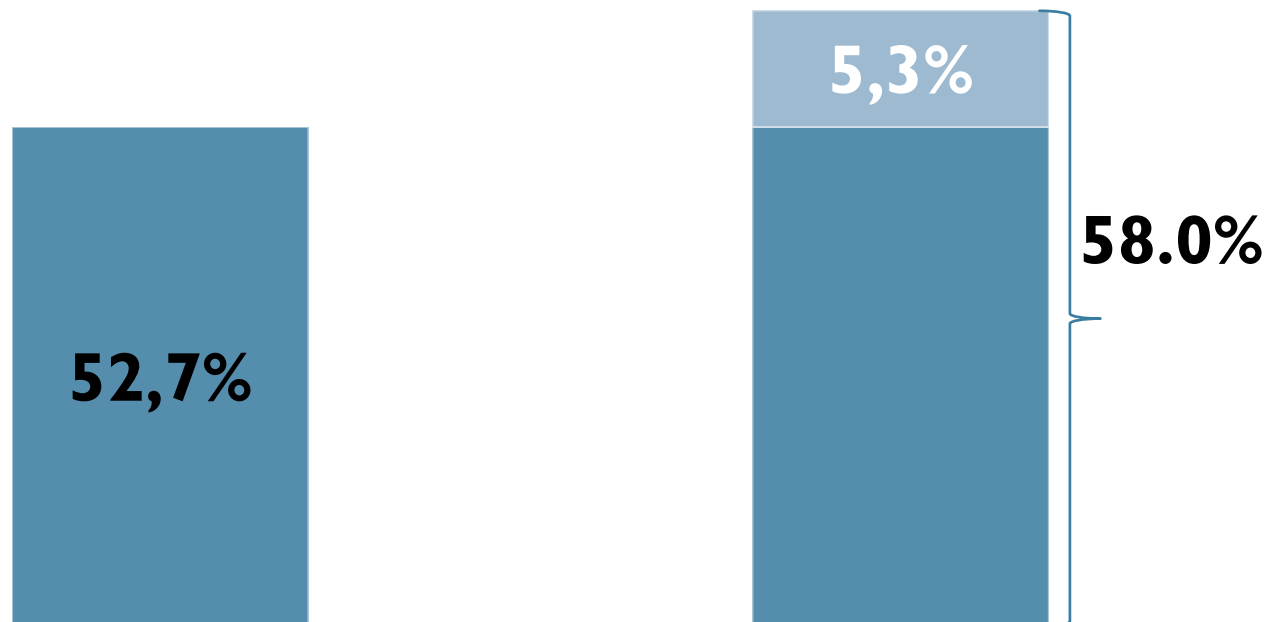

- An interdepartmental working group was created

Stakeholder training:

- November 12, 2024 (access granted to import data into the platform)
- January 24, 2025

## REPORTING STATUS

The number of available indicators has increased

## COOPERATION WITH INTERNATIONAL ORGANIZATIONS

**Armstat cooperates with international organizations, which allows:**

- Improving data quality
- Getting methodological support
- Conducting joint awareness campaigns

### **Goal:**

Raising awareness and  
engagement of society in the implementation of SDGs

# TRENDS DASHBOARD
