

«SDGs in the EAEU: the regional dimension of the 2030 Agenda»

Meeting «The CIS region on the way to achieving the Sustainable Development Goals»

May 21, 2025, Bishkek, Kyrgyz Republic

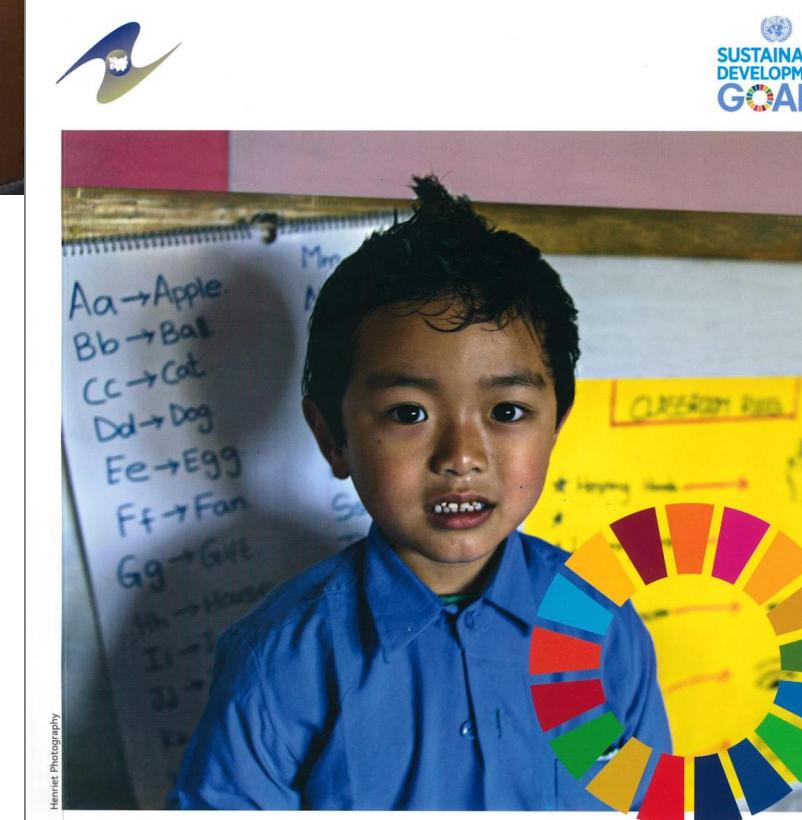

Natalia Ignatova,
Deputy Director of Statistics Department
Eurasian Economic Commission

REPORT on the achievement of Sustainable Development Goals in the region of the Eurasian Economic Union

ACHIEVING THE SUSTAINABLE DEVELOPMENT GOALS IN THE REGION OF THE EURASIAN ECONOMIC UNION
Report of the Eurasian Economic Commission
2017

■ In 2017, the EEC presented the first report "Achieving the UN SDGs in the EAEU Region" within the High-Level Political Forum on Sustainable Development under the auspices of the UN Economic and Social Council (ECOSOC). The report was presented by Mr. Oleg Pankratov, Chairman of the Council of the Eurasian Economic Commission, Deputy Prime Minister of the Kyrgyz Republic.

- The document analyzed the relationship between the depth of integration and progress in implementing the SDGs.
- Data on 59 indicators from 9 SDGs are presented for the Union as a whole
- Covered by a large number of indicators:
Goal 1 "No poverty"
Goal 9 "Industry, innovation and infrastructure"
- The EEC regularly presents information on the impact of the Eurasian integration on achieving the SDGs within the EAEU at the PFSD platform under the auspices of ECOSOC and organizes relevant side events.
- The Commission presents its SDG developments, including at the UN Regional Commissions. In March 2023, the EEC organized a side event within the 10th Asia-Pacific Forum on Sustainable Development under the auspices of UNESCAP.

2023 Sustainable Development Goals Summit

- Mr. Alexei Overchuk, Chairman of the Eurasian Economic Commission's Council and Deputy Prime Minister of the Russian Federation, presented the **Joint Statement of the EAEU Member States** on the impact of the Eurasian economic integration on achieving the UN Sustainable Development Goals within the EAEU at the Sustainable Development Goals Summit under the auspices of the UN General Assembly held on September 18, 2023:

...«Each EAEU Member State takes specific steps to achieve the Sustainable Development Goals using national program documents, strategies and development concepts. At the same time, **economic integration within the EAEU is an additional factor contributing to the SDGs achievement.**»...

...«**The well-established work in the field of statistics within the EAEU** makes it possible to expand the number of indicators that can be calculated within the integration association to evaluate progress in achieving the SDGs. For these purposes, **the Member States have determined a list of indicators for achieving the SDGs, with regard to the EAEU development priorities.**»...

...«International cooperation is important in achieving the SDGs. The EAEU stands for an equitable dialog between integration structures and sees this as the key to a more efficient functioning of the global economic architecture.»...

...«Achieving the SDGs is a common goal for which all participants in international relations should join efforts and mobilize existing resources.».

DECLARATION on further development of economic processes "Eurasian Economic Path"

10
EAEC

- **The Supreme Eurasian Economic Council's meeting** chaired by Vladimir Putin, President of the Russian Federation and Chairman of the Supreme Eurasian Economic Council, **was held on December 25, 2023 in St. Petersburg** involving the Heads of State of the Eurasian Economic Union and Mikhail Myasnikovich, Chairman of the Board of the Eurasian Economic Commission.
- **The Heads of State of the Eurasian Economic Union signed the Declaration on further development** of economic processes within the EAEU until 2030 and for the period until 2045 "The Eurasian Economic Path".
- **The Declaration defines the Union's objectives for the medium term until 2030 on the way to transforming the EAEU by 2045** "into a self-sufficient, harmoniously developed and attractive to all countries of the world macro-region, possessing economic, technological and intellectual leadership and maintaining a high standard of living of the Member States' population".

In order to solve the set objectives, **the key areas of the EAEU development in the fields of economic interaction have been identified**, providing for both the improvement of existing mechanisms and new mechanisms: the use of natural resources for developing cooperative potential, **the development of digital technologies, unlocking the potential of artificial intelligence systems** and ensuring its application, the introduction of innovative approaches in the agricultural sector and others.

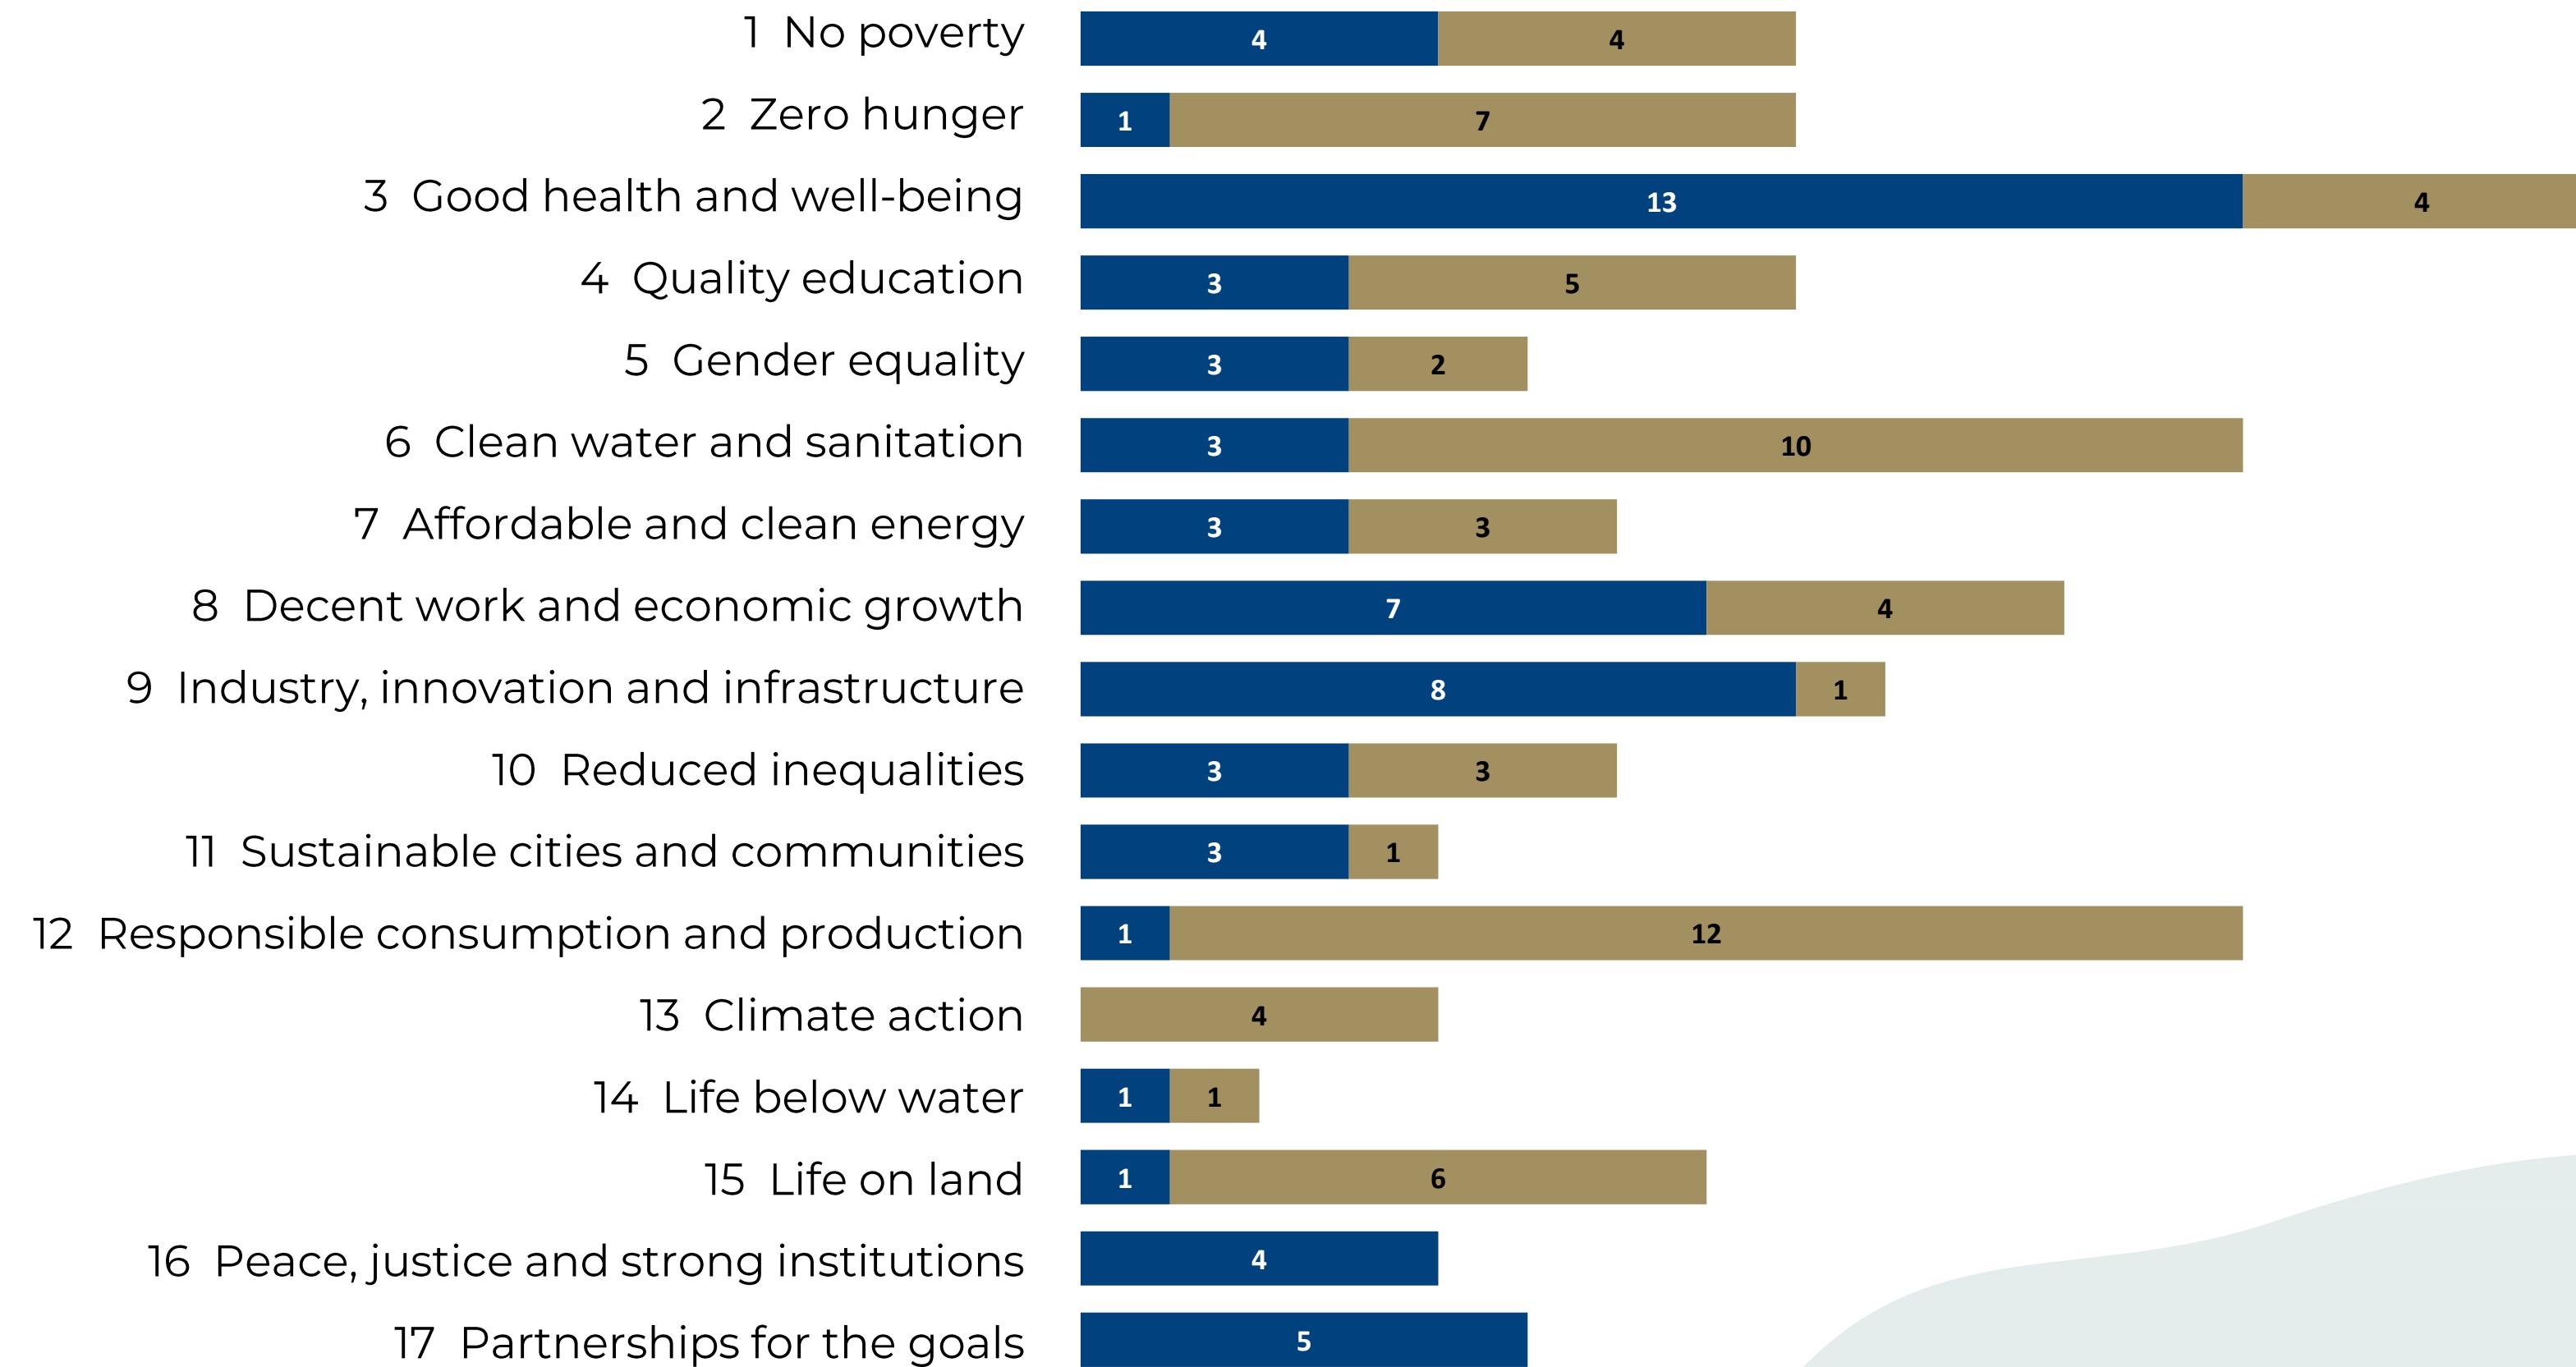

...«**focus on working together to achieve the UN Sustainable Development Goals within the framework of the Eurasian Economic Union...»...**

...Development of economic cooperation in areas with integration potential by: ...**developing the EAEU official statistics...**
