Results of the 2020 Round of CIS Population Censuses <a href="http://new.cisstat.org/O-ходе-работ">http://new.cisstat.org/O-ходе-работ</a>

Comparative analysis of Population Census Programs (questionnaires) in the CIS countries (within the framework of a joint project with UNFPA)

<u>http://new.cisstat.org/О-</u>ходе-работ

# In pursuance of the decision of CIS Heads of State Council (dated September 16, 2016, Bishkek), socio-economic and demographic indicators were approved for inclusion in the 2020 Round of National Population Census Programs

- permanent residence (or place of usual residence);
- location at the time of census;
- country of birth (place of birth);
- country of citizenship (citizenship);
- duration of residence in this place (year and month of arrival at the current place of residence);
- > former residence;
- labor force participation status;
- Employment status;
- main source of livelihood

Layout tables and brief explanations for the indicators included are made for interstate exchange of information on the results of the 2020 Round of National Population Censuses for publications by the CIS-Stat together with the NSOs.

### Table layouts - 2020, Section I

- Population counted in the 2020 Census Round
- The number of permanent population of the Commonwealth states according to Population Censuses
- > The number of permanent population of the capitals of the Commonwealth states
- Resident population of the Commonwealth states by age and sex
- Distribution of the population by citizenship
- Duration of population residence in the place of permanent residence
- Migrants by duration of residence in the place of permanent residence and previous place of residence
- Distribution of international migrants aged 15 years and over by level of education (persons who arrived from abroad for permanent residence during the last 5 years before the Population Census)
- Short-term migrants who arrived in the country to work, by country of permanent residence and age groups
- Population by labor force status
- Employed population by status
- Population distribution by main source of livelihood

#### Table layouts - 2020, Section II
