## Forms and methods of dissemination of the results of the census of the population of the Kyrgyz Republic

Astana, 10-13 July 2023

**National Statistical Committee of the Kyrgyz Republic**

**Chinara Turdubaeva**

# On the territory of modern Kyrgyzstan censuses were carried out:

A **population census** is an event that allows official registration (or control reconciliation) of the population living in the territory of the Kyrgyz Republic at regular intervals, along with obtaining information on a set of social, demographic and economic characteristics of the population.

- **As part of the Russian Empire:** 1897,
- **Soviet censuses:** 1920, 1926, 1937, 1939, 1959, 1970, 1979, 1989
- **National:** 1999, 2009

# Key Documents

**Law of the Kyrgyz Republic "On the population and housing census"**

**Decree of the Government of the Kyrgyz Republic "On the preparation and conduct of the 2020 population and housing census in the Kyrgyz Republic" dated October 23, 2017, No. 690**

**Resolution of the Economic and Social Council of the United Nations of 10.06.2015**

Urges UN Member States to conduct at least one population and housing census between 2015 and 2024

**Order of the Supreme Eurasian Economic Council No. 5 dated December 21, 2015**

The governments of the member states of the Eurasian Economic Union should proceed from the need to conduct censuses of the 2020 round in the period from October 2019 to October 2020

**Decision of the Council of Heads of State of the CIS dated September 16, 2016, in Bishkek**

To conduct regular population censuses in the CIS member states as close as possible to 2020, preferably in the period from October 2019 to October 2020

# 2022 Population and Housing Census of the Kyrgyz Republic

- By questionnaire in electronic format using **personal mobile phones of census takers**
- Pilot census in 2019
- Carried out in 2 stages:
  - ✓ Between March 25 and April 3, 2022
  - ✓ In certain zones of the republic - from April 23 to May 2, 2022
- Approximately 28,000 census staff involved
- During the census, an algorithm was used to prevent the spread of coronavirus infection (COVID-19), as well as personal protective equipment

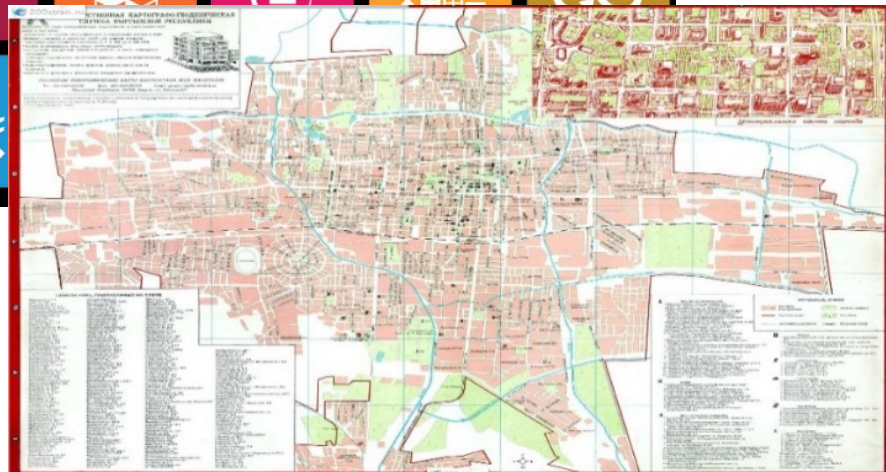

# Features of the 2020 population and housing census of the Kyrgyz Republic

## Model Block of Questions on Labor Migration in the EAEU and CIS Member States

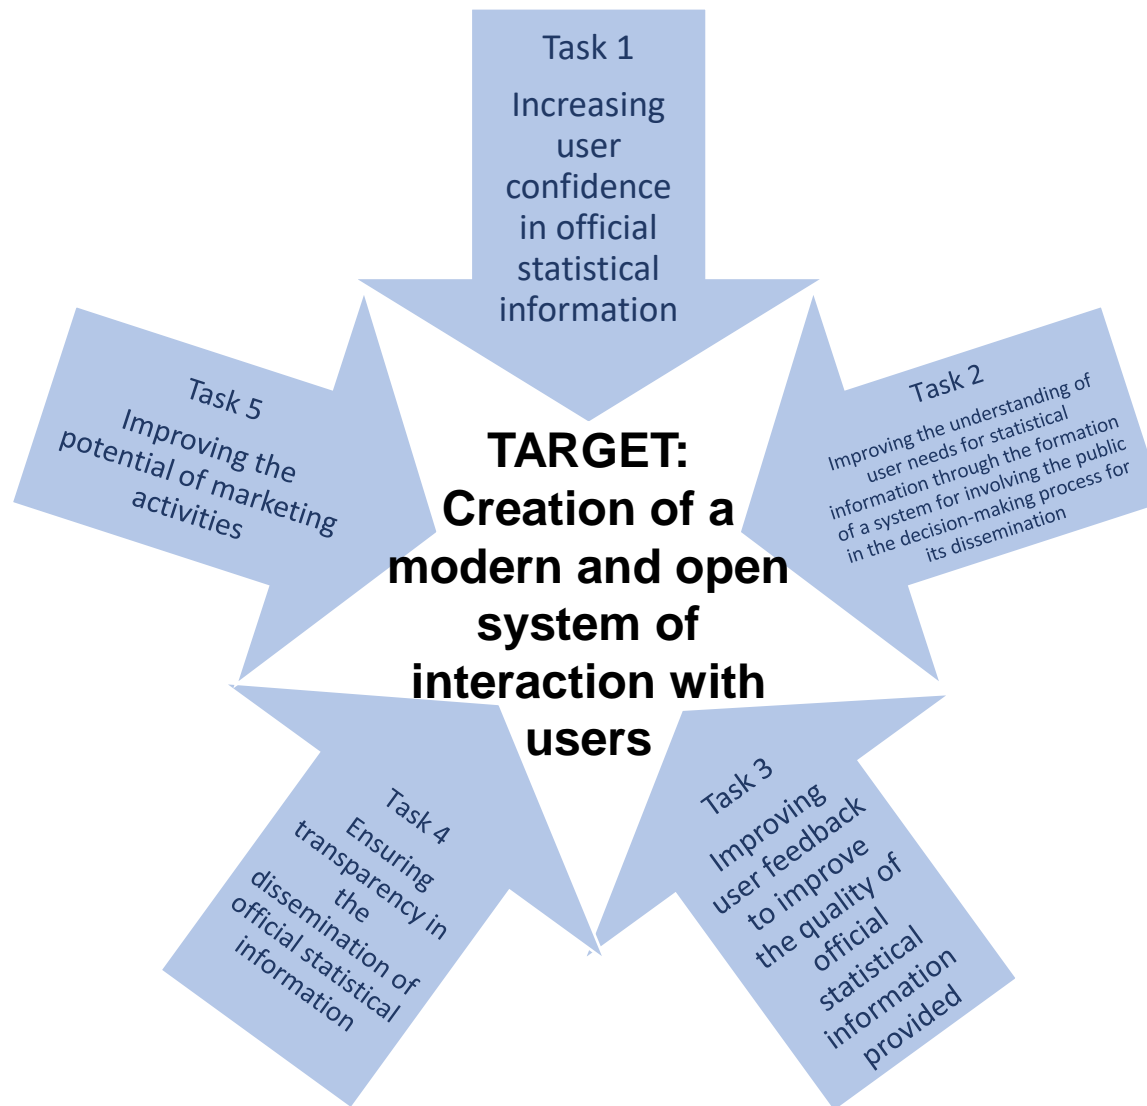

**Sustainable Development Goal (SDG) indicators** - inclusion of disability issues, cash in the construction of solar panels, biogas, mobile communications, internet, computer

**Use of administrative data of the State Institution "Cadastre" in the preparatory period of the database (address register, real estate register and GIS)**

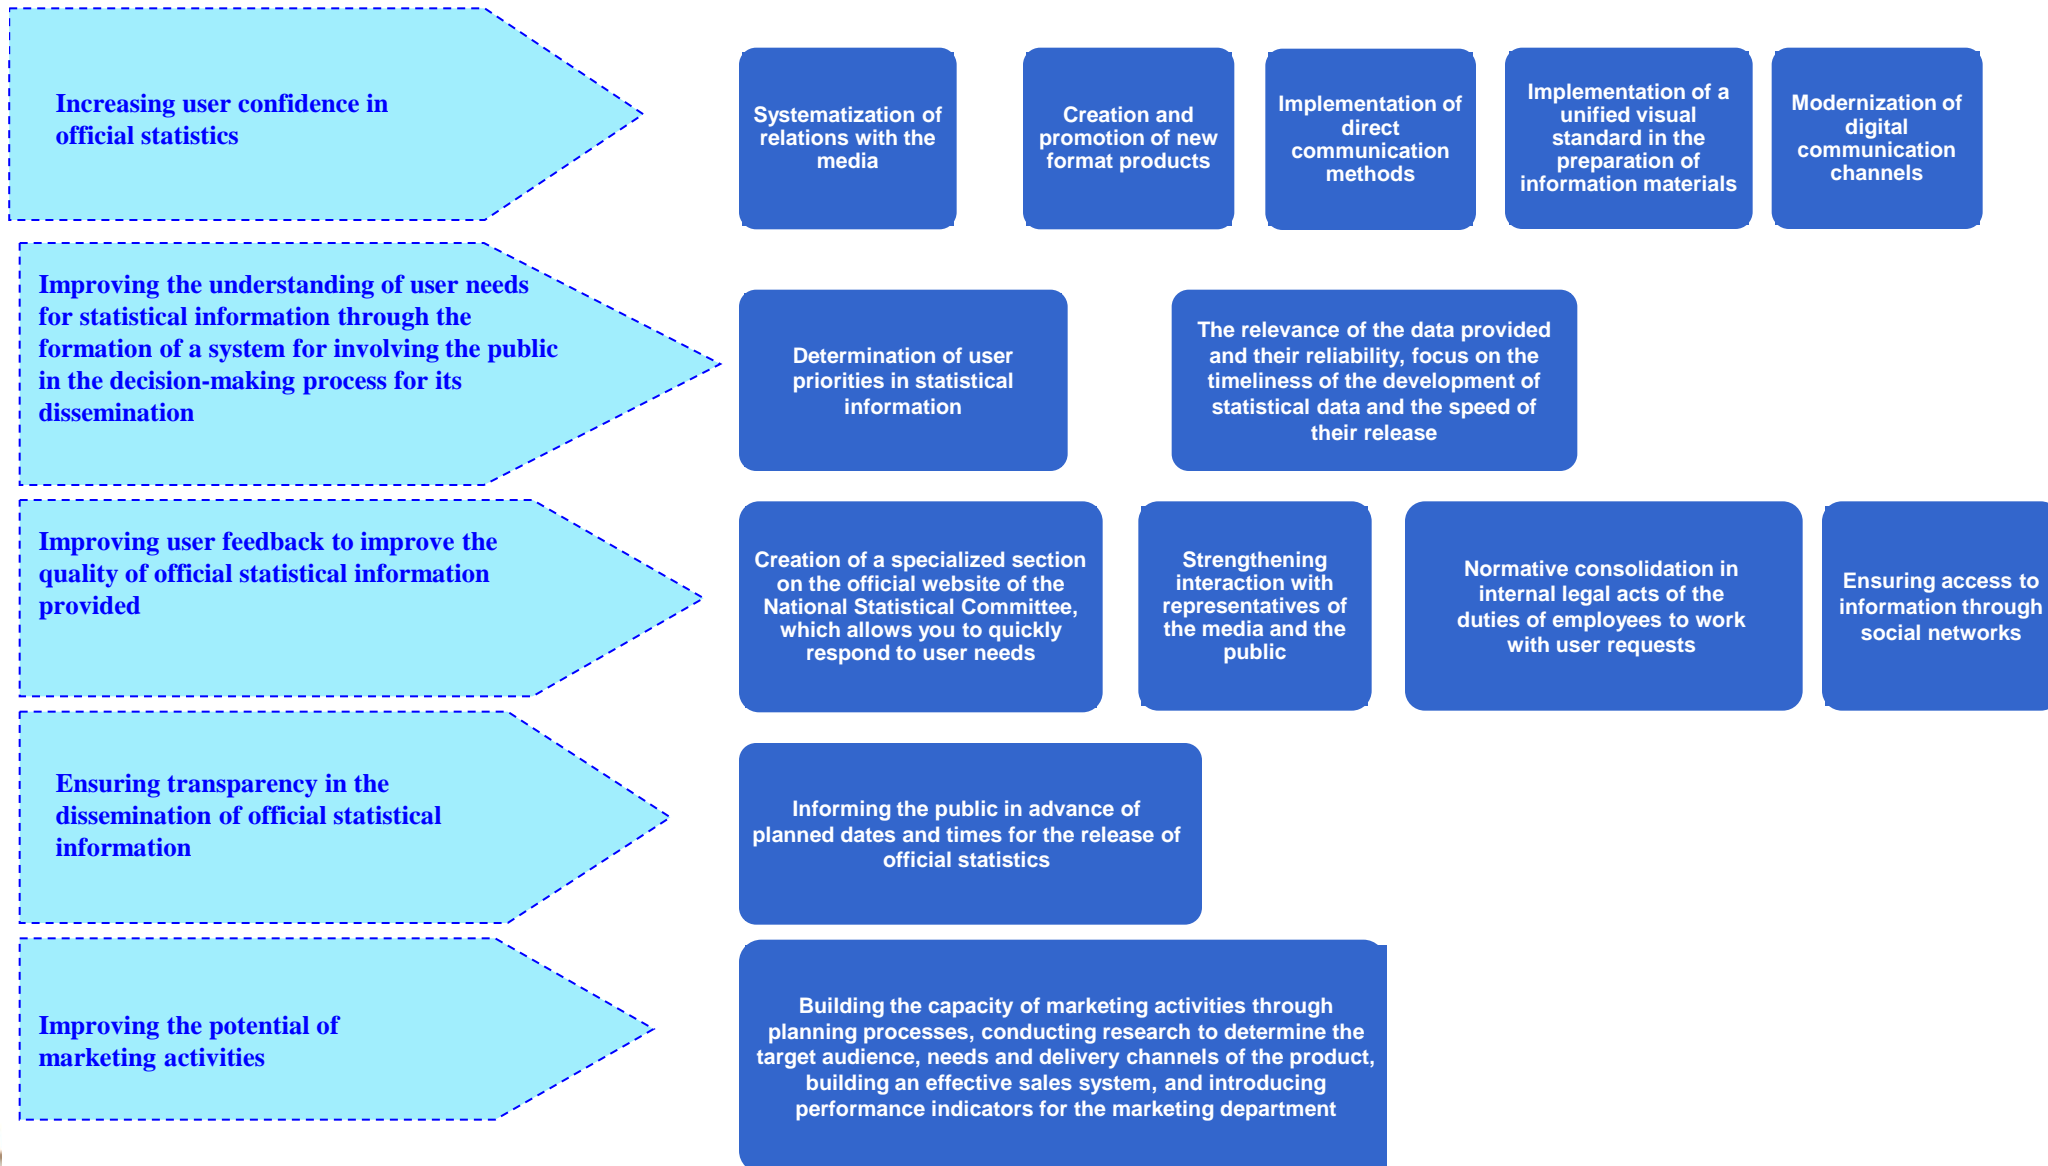

# Communication strategy of the National Statistical Committee for 2019-2023
